INTRODUCTION

About ACAMS

The Association of Certified Anti-Money Laundering Specialists, Inc. is an international membership organization that provides a platform for career development and professional networking to its members. It is also a resource to help financial institutions and related businesses identify and locate anti-money laundering and counter-terrorist financing specialists. Our mission is to provide up-to-date education and training, professional networking opportunities and other career development tools to professionals in the anti-money laundering and counter-terrorism financing field.

About ACAMS Chapters

Chapters are extensions of ACAMS; they are not separate legal entities. They are designed to focus the association's overall anti-money laundering education and training efforts at a regional level by providing local forums to ACAMS members for discussion, networking and training.

Chapter executive board members are responsible for developing and implementing anti-money laundering educational programs and facilitating networking opportunities that encourage the exchange of ideas and create new relationships among chapter members.

Chapter Handbook

The Chapter Handbook is a guide for chapter establishment and operations that must be used by all chapter executive boards. The Chapter Handbook is a living document that can be changed at any time to assist the working relationship between ACAMS and its chapters. It can be found on the Chapter Overview page of the ACAMS website: <http://www.acams.org/Chapters/Default.aspx>. Chapters may create by-laws to offset what is not covered within the Chapter Handbook. However, all chapter by-laws must be approved first by ACAMS. By-laws may be revised by the current elected executive board. Revisions to by-laws or sections of by-laws must be voted on by the current executive board with a three fourths majority rule in favor of the change, as well as approval of ACAMS.

INTRODUCTION

Chapter Standing Committee

This permanent committee is comprised of one of the two chapter co-chairs as elected by the chapter's executive board, the chapter development manager and the ACAMS executive director. The committee will meet when necessary via conference calls or during ACAMS annual conferences to discuss chapter best practices.

Legal Liability

ACAMS shall indemnify chapter executive board members from and against any and all third-party claims, demands, losses, damages and reasonable expenses (including, without limitation, reasonable legal fees), except to the extent that any such claims, demands, losses, damages and expenses result from the negligence of the executive board member(s).

ACAMS' staff is available to answer questions, help you find resources and support the chapter's needs. Please contact:

- Gregory Calpakis, Executive Director
gcalpakis@acams.org
- Catalina Martinez, Chapter Development Manager
cmartinez@acams.org

ESTABLISHING A CHAPTER

Chapter Representative

Once ACAMS approves the launch of a new chapter, a chapter representative must be selected to begin the chapter establishment process. This person will be selected by ACAMS and will serve as a liaison between the chapter and ACAMS throughout the establishment process or until an executive board has been selected. To be eligible for the position of chapter representative, interested candidates must be CAMS certified, must have active ACAMS memberships and must reside in the geographic area where the chapter is being established.

The chapter representative is responsible for:

1. Contacting local ACAMS members and/or recruiting new members who wish to be actively involved with the establishment of a local chapter;
2. Organizing meetings (using the most convenient and cost-effective tools available) to build interest in the new chapter;
3. Planning and working towards the establishment of the chapter;
4. Explaining the procedures for executive board elections;
5. Establishing chapter goals and pre-planning educational and networking activities; and
6. Keeping ACAMS informed about the status of the chapter establishment process, including submitting meeting notes, planning the chapter launch event and communicating membership issues and concerns.

Site Selection

ACAMS will begin the evaluation process for the establishment of a local chapter once it receives a letter of interest from the chapter representative. This letter must indicate an interest to establish a local ACAMS chapter and the rationale for its establishment. The following items must be submitted with the letter of interest:

1. A list of media outlets — including contact information (names, telephone numbers and e-mail addresses) — to notify if and when the chapter is launched.
2. A strategy to reach out to the listed media outlets.

ESTABLISHING A CHAPTER

Establishment Approval

ACAMS will evaluate each petition carefully and will notify members of its decision via e-mail following a needs assessment based on the following criteria:

1. The number of ACAMS members in the region;
2. The number of CAMS-certified professionals in the region;
3. The membership growth rate in the region;
4. The educational and training needs of professionals in the region; and
5. The number of money laundering indictments and convictions in the region.

Chapter Establishment Membership Requirements

A minimum of 25 ACAMS members, including at least three who are CAMS certified, are required to establish a chapter.

Chapter Launch Schedule

No more than four chapters (domestic or international) will be launched per year. The following launch schedule will be enforced:

1. New chapters will be launched no less than eight weeks from the date of the last chapter inauguration.
2. New chapters will be launched no less than eight weeks following ACAMS approval.

Chapter Funding

ACAMS will only underwrite, under carefully monitored and agreed upon terms, the costs of the chapter's inaugural event. All funds provided by ACAMS to the chapter for the inaugural event must be returned to ACAMS through chapter membership dues and event attendance fees within one year of the chapter's launch. Subsequent events, including learning and networking events, must be funded solely by the chapter by way of collected membership dues, attendance fees and sponsorships.

Funds for chapter expenses shall be derived from annual dues paid by chapter members, sponsorships and admission fees for events. These funds make up the chapter's budget and are to be allocated solely for the benefit of the chapter.

ESTABLISHING A CHAPTER

Launch Process

1. ACAMS designates a local member as the chapter representative.
2. The chapter representative sends a letter of interest, along with a list of media outlets and a media strategy, to ACAMS.
3. The chapter representative requests copies of the Chapter Handbook from ACAMS and distributes it to all chapter members for review.
4. ACAMS sends a letter of intent to local ACAMS members petitioning for 25 signatures.
5. The chapter representative collects bios from members who wish to be considered for executive board positions and sends those bios to ACAMS, which will then appoint interested members to the executive board positions.
6. Chapter co-chairs call for a meeting to discuss the chapter launch.

A more detailed explanation of the chapter launch process can be obtained from the ACAMS chapter development manager.

CHAPTER DEVELOPMENT MANAGER

The chapter development manager serves as a two-way communication link between the chapter and ACAMS. His/her primary role is to guarantee the success of each chapter by ensuring that the chapter executive boards adhere to the guidelines set forth in the Chapter Handbook.

The chapter development manager's responsibilities include:

1. Sending monthly chapter membership lists to the membership directors and co-chairs;
2. Circulating chapter communications to ACAMS members;
3. Reconciling financial records with the chapter treasurers;
4. Updating the Chapter Handbook if and when ACAMS deems it necessary;
5. Coordinating meetings and conference calls between the chapters and ACAMS, coordinating the annual chapter meeting at ACAMS' annual conferences, and preparing and distributing meeting agendas and minutes to chapter executive boards;
6. Coordinating the distribution of membership cards to chapter members;
7. Creating and implementing programs and services to promote chapter membership;
8. Providing temporary administrative support to the various chapters; and
9. Coordinating updates to chapter web pages.

CHAPTER OPERATIONS

Membership

Chapter membership is optional and is contingent upon ACAMS membership. Chapter members must be members of ACAMS.

There must be a minimum of 20 active ACAMS chapter members — including at least three who are CAMS certified, but not including executive board members — at all times to maintain chapter operations. If the number of chapter members falls below the required 20 at any time, ACAMS reserves the right to step in and review chapter processes to decide whether or not the chapter should remain operational.

Membership Dues

Chapter dues shall be established by the chapter's executive board and approved by ACAMS. However, chapter dues may be no less than \$50 USD per year.

Chapter Events

ACAMS encourages chapters to employ educational and professional networking events as a platform for career development. As part of this initiative, ACAMS requires individual chapters to organize and promote these activities and collect and administer the event fees. Each chapter will be responsible for the costs associated with its events.

1. **Networking Events:** Chapters are required to host at least two networking events per year. Most chapters host more than the minimum required number of annual events.
2. **Learning Events:** Chapters are required to host at least two learning events per year. Most chapters host more than the minimum required number of annual events. These events should feature a variety of speakers who are leaders in the anti-money laundering industry. The duration of each event is left to the discretion of the chapter's executive board; however, they must last for a minimum of one hour. Chapter learning event attendees are eligible to receive one CAMS credit per hour of learning.

CHAPTER OPERATIONS

3. **Co-Hosted Events:** ACAMS encourages chapters to host both learning and networking events with other organizations as long as these events foster ACAMS' goals and mission. Event partnerships must be approved by ACAMS.
4. **Third-Party Events:** ACAMS encourages chapters to participate in third-party events with other organizations as long as these events foster ACAMS' goals and mission. Funding or bartering of services for these events must come directly from the chapter budget and/or services.

Event Funding

Funding for events must be provided by the chapter through sponsorships or budgeted funds. (Please refer to the *Chapter Funding* summary in the *Establishing a Chapter* section of this Chapter Handbook.)

Admission Fees

A chapter may only collect fees from its members for half of its annual events. The remaining events must be complimentary to chapter members. Chapter member and non-chapter member event fees must not be the same.

1. Event fees are to be collected by the chapter treasurer and/or co-treasurer during chapter events. The treasurer and/or co-treasurer must then submit the collected funds to ACAMS with an accurate reconciliation no later than two weeks after the chapter event.

Finances

It is the responsibility of the executive board, through the treasurer and co-treasurer, to reconcile financial records with the chapter development manager on a quarterly basis or more frequently as determined by ACAMS. Financial records consist of event expenditures, including, but not limited to, membership dues, room rental fees, food and beverage costs and funds collected by the chapter during events. Templates for on-site receipts, chapter membership applications, credit card payment forms and other financial forms are available upon request from the chapter development manager.

Chapter Records

Chapters must keep accurate records of attendance, receipts, disbursements and other business activities.

2. **Financial Records:** The treasurer, with the assistance of the co-treasurer, is responsible for keeping accurate and up-to-date records of all chapter financial matters, including, but not limited to, funds collected at events, event invoices and executive board member reimbursements.
3. **Event Attendance Records:** The secretary and treasurer are responsible for maintaining event attendance records for the proper assignment of CAMS credits to event attendees. These records, along with the event funds, are to be sent to the chapter development manager no later than two weeks after the date of the event.
4. **Speaker Information:** The programming director, with the assistance of the co-programming director, is responsible for maintaining an accurate list of all event topics, event speakers and event speakers' contact information. They also are responsible for requesting bios and event presentations from speakers. The speaker list, speaker bios and speaker presentations are to be sent to the chapter development manager bi-monthly or as requested.
5. **Membership Records:** The membership director, with the assistance of the co-membership director, is responsible for maintaining an accurate list of all chapter members.

Chapter Communications

All ACAMS chapters must follow the communications guidelines set forth below.

Chapter Web Page

Each chapter should maintain a web page on the ACAMS website to provide easy access to chapter information and enhance chapter education and networking efforts. ACAMS shall provide chapter web pages. All chapter web pages must maintain a degree of uniformity as established by ACAMS, which includes, but is not limited to, executive board member bios, executive board member photos, a chapter mission statement and chapter event information. The executive board will decide any additional content to be posted to its chapter web page. The chapter must oversee the web page and revise or update its content on a weekly basis.

ACAMS Town Chapter

On September 13, 2007, the ACAMS Town Chapter held its inaugural meeting, marking a continued drive toward the national expansion of ACAMS activities to meet the needs of members and the markets in which they serve.

The ACAMS Town Chapter held its first AML workshop, titled “Managing AML Risk and SAR Review,” on December 15, 2007. Company, Inc. sponsored the event. The workshop featured guest speaker, Mr. Expert-in-the-Field, head of the Criminal Investigation Division of World Famous AML Company, Inc.

Mr. Expert-in-the-Field provided a comprehensive behind-the-scenes overview of suspicious activity reports (SARs) through the discussion of the history, life cycle, effectiveness and impact of SAR filings. Highlights included: in-depth analysis of current SAR data, discussion of SAR preparation from the perspective of the IRS, tips on improving SAR content to maximize value to law enforcement and training using case studies of both recent and ongoing investigations that resulted from SAR filings.

In addition, Mr. Expert-in-the-Field shared general recommendations based upon industry observations, experiences and trends.

AML practitioners from various financial institutions throughout the region, including 10 new chapter members, attended the workshop. The ACAMS Town Chapter is dedicated to providing a forum for the professional development and networking opportunities of its members, and will host similar events throughout the coming year. Members who attend learning events may receive ACAMS continuing-education credits.
